1 GENERAL

1.1 These practice guidelines in respect of applications on motion set out the practice of the Civil Section of the Magistrate's Court, Johannesburg, Republic of South Africa.

1.2 The purpose of these practice guidelines is to promote and expedite access to the courts in applications on motion. The practice guidelines are to be applied so as to facilitate the expeditious handling of disputes and the minimization of costs involved. As such it seeks to inform how the courts in this magistrate court function. It also seeks to obtain uniformity amongst magistrates in respect of practice rulings pertaining to applications on motion. It must be emphasised that no magistrate is bound by practice guidelines. Accordingly, the practice guidelines are not intended to bind judicial discretion. Nonetheless, it should be noted, that the magistrates of this magistrate's court strive for uniformity in the functioning of the courts and their practice rulings.

1.3 These practice guidelines supersedes all previous practice guidelines in respect of applications on motion and will come into effect on 18 June 2015.

5.2 In the event that a plaintiff applies for summary judgment, the summons and return of service must be filed simultaneously with the application for summary judgment. Only in exceptional circumstances explained in an affidavit which was served on the defendant and filed at court timeously would the plaintiff be allowed to hand the summons in at the date of hearing. This rule will be enforced strictly.

5.3 Documents not stapled or properly affixed to the application will not be considered.

6 INDEX

6.1 Prior to the hearing of the opposed application (and preferably simultaneous with the notice of set down) in instances where the documents are 20 or more pages the applicant must deliver a complete index of documentation before the court for the determination of the opposed application.

6.2 The index should briefly describe each affidavit and annexure as a separate item.

7 BINDING OF PAPERS

7.1 Prior to the set down of the opposed application in instances where the documents are 20 or more pages the applicant must ensure that all the original documentation before the court for the determination of the opposed application is properly bound (refer to paragraph 5.1).

7.2 In binding the application, care must be taken to preclude that the method of binding hinders the turning of pages.

7.3 The documentation should not be bound in volumes of more than 100 pages each.

8 PAGINATION

8.1 The applicant must paginate the notice of motion, founding affidavit and annexures thereto and the replying affidavit, if any, and annexures thereto, prior to serving the documents on the other party.

8.2 The respondent must likewise paginate the answering affidavit and annexures thereto prior to serving the documents on the other party.

8.3 The respondent must commence pagination of the answering affidavit and annexures thereto by utilising the next chronological number following the last

such number utilised by the applicant. The applicant must commence pagination of the replying affidavit and annexures thereto by utilising the next chronological number following the last such number utilised by the respondent.

8.4 Where there are multiple respondents represented by different attorneys each such respondent is released from the obligation referred to in paragraphs 2 and 3 above. In that event the obligation to paginate all the affidavits is on the applicant.

8.6 Notwithstanding paragraphs 2 and 3 above, the applicant must ensure that prior to the hearing of the application it is properly paginated. In the event that the respondent failed to comply with paragraph 2 above, the applicant may seek a punitive cost order against the respondent in respect of the pagination of the answering affidavit and annexures.

9 ENROLMENTS

9.1 The roll for applications on motion for a particular week closes at 15h00 on the Thursday preceding the week. If the Thursday is a public holiday the roll closes one day earlier.

9.2 After the closure of the roll, the parties to an application on motion are not entitled to access to the court file and may not insert or remove documents from it. Such leave must be sought at the first calling of the matter and must be supported by an affidavit.

9.3 Access to the court file must not be sought from the relevant magistrate.

9.4 A firm of attorneys may not enroll more than ten (10) matters per day. The Senior Magistrate may order otherwise in suitable circumstances. This rule will be strictly applied.

10 CALLING OF THE ROLL IN APPLICATIONS ON MOTION

10.1 At the commencement of the proceedings the presiding magistrate will invite attorneys to mention matters that are opposed. Attorneys are to state their surnames and initials and counsel is in addition to give (preferably) their landline telephone number.

10.2 Thereafter matters on the roll will be called consecutively according to their

number on the roll or as the presiding magistrate deem fit.

10.3 If there is no appearance when a matter is called it may there and then be struck from the roll. Such matters will only be enrolled subsequently if an acceptable explanation on affidavit is given for the failure to appear.

10.4 If a matter has to stand down after it has been called, it must stand down until the roll has been called once, unless the presiding magistrate indicates otherwise.

11 MATTERS NOT ON ROLL

11.1 Any matters not on the roll must be brought to the attention of the presiding

magistrate at the commencement of proceedings when the presiding officer determine which matters are to be opposed. AFTER the roll has been called at least once the presiding magistrate will invite attorneys to mention matters not on the roll. It is imperative that attorneys appear in court from the outset and inform the court about the matter/s not on roll. Once the matter is enrolled the presiding magistrate will give directions for the hearing of the matter.

11.2 Once attorneys have determined that a matter is not on the roll and the relevant court file has been located, the clerk of the court must be requested to hand the file the magistrate or stenographer doing duty in court 28.

11.3 If the matter is not on the roll due to a fault in the clerk of the court's office, the file should be so endorsed to that effect by the clerk of the court dealing with motion court.

11.4 If the matter is not on the roll due to an act or omission on the part of the attorney who was responsible for the enrolment of the application on motion, an affidavit explaining the act or omission by the attorney must be filed in the court file. In the absence of urgency and prejudice the matter will not be enrolled.

12 OPPOSED MATTERS

12.1 The presiding magistrate will direct the sequence in which opposed matters will be heard, but matters of urgency, estimated duration and efficiency form the basis of allocation. The date when the matter was enrolled may also be considered when the matter is allocated.

12.2 Opposed matters will generally be heard after finalisation of unopposed matters.

12.3 Date for opposed matters in terms of rule 55(1) must be arranged with clerk of the court (motion court). At this stage there is provision for only two opposed matters per day, unless the Senior Magistrate orders otherwise. To apply for a date of hearing; kindly complete the [form 4](#), in duplicate and lodge it with the clerk of the court (motions). No future new date will be allocated to the same matter unless the party who applied for the date informed the clerk of the court timeously that the allocated date is not going to be utilised or furnish comprehensive reasons in an explanatory affidavit (and lodged with the clerk of the court) why the allocated date was not utilised.

12.4 Where the respondent has failed to deliver and answering affidavit and has not given notice of intention to raise a question of law (rule 55(g)(iii) or a point *in limine*, the application must not be enrolled for hearing on the opposed roll.

12.5 Such an application must be enrolled on the unopposed roll. In the event of such an application thereafter becoming opposed (for whatever reasons), the application will not be postponed as a matter of course, but will be either referred to the Senior Magistrate for direction or will be dealt with by the presiding magistrate as s/he deems fit.

12.6 The notice of set down of such an application must be served on the respondent or the respondent's attorney of record. 12.7 Unless otherwise directed by the Senior Magistrate there would be no hearing of opposed applications on the last Friday of each month.

13 POSTPONEMENTS

13.1 Applications on motion, whether opposed or unopposed, will generally not be postponed to a specific date. It will either be postponed *sine die* or removed from the roll.

13.2 Prior to allocation and in respect of unallocated matters, the clerk of the court must be informed in person or telephonically immediately it becomes known that an opposed matter is to be postponed.

14 SERVICE

14.1 Returns of service must be filed timeously. It is the duty of the attorney to ensure that the Sheriff's return of service (or where informal service has been effected, proof of such service) is in the court files **before** they are sent to the

magistrate's chamber. This also applies to newspaper tear sheets in cases where, for example, service has been effected by substituted service and where publication has been ordered in liquidation proceedings. If for some reason, the return or other proof of service cannot be filed timeously then an explanation on oath must be included in the court file. The papers will not be read in the absence of the return of proof of service or a satisfactory explanation for the absence of such documents.

14.2 Service is proved by filing in the court file the original return of service which establishes the service. In the absence of an acceptable explanation, returns of service will generally not be accepted from the bar.

14.3 In respect of service by fax or email the following requirements are applicable:

14.3.1 A service affidavit has to be filed at the clerk of the court simultaneously with the filing of the application. In the absence of an acceptable explanation, service affidavits will generally not be accepted from the bar.

14.3.2 The service affidavit must contain proper allegations with reference to the agreement of the manner of service as well as attachment of original documents in support of those allegations.

14.3.3 The service affidavit must contain allegations of the proper transmission of the application by the person who effected service via email or fax as well as documents in support of those allegations.

14.3.4 The service affidavit must contain proper allegations that the email and fax addresses furnished in respect of a so-called "general consent" of credit providers are still operative and utilised for service purposes by each relevant credit provider.

14.4 When service of any document by registered post is prescribed or authorised (in any application), such service is proved by the production of an affidavit by the person who procured the dispatch of such document, in which he/she -

14.4.1 indicate the date of dispatch together with the name and address of the addressee;

14.4.2 describe the document so dispatched;

14.4.3 indicates, if that be the case that the item in question has not been returned to the sender by the Post Office has been undelivered, and to which he annexes the documentary proof of posting of a registered article issued by the

Post Office

15 AFFIDAVITS

15.1 The usual requirements as provided in the rules in respect of affidavits must be followed. Parties and attorneys must comply with any rules that govern motions. Materials the parties wish the court to consider must be attached.

15.2 Include all reasons for application; failure to include a reason may constitute a bar from raising it later.

15.3 Any factual statements are made under penalties of perjury.

15.4 Electronic signatures are unacceptable.

15.5 Electronic filing is unacceptable.

16 STRIKING FROM ROLL (“REMOVED”)

16.1 If there is no appearance when a matter is called in court 28 it may there and then be struck from the roll. Such matters will only be enrolled subsequently if an acceptable explanation on affidavit is given for the failure to appear.

16.2 The negligence or ignorance of these provisions of the practice notes of attorneys and parties will not necessarily constitute an acceptable explanation for non-appearance.

17 URGENT APPLICATIONS

17.1 Urgency mainly involves the abridgement of times prescribed by the rules and secondarily the departure from established filing and sitting times.

17.2 The motion court magistrate for the week is designated for the hearing of urgent applications for that week of the year.

17.3 The normal time for the bringing of an urgent application is 09h00 on the Tuesday of the motion court week.

17.4 If the urgent application cannot be brought at 09h00 on the Tuesday of the motion court week, it may be brought on any other day of the motion court week at 09h00. The applicant in the founding affidavit must set out facts which justify the bringing of the application at a time other than 09h00 on the Tuesday.

17.5 If the urgent application cannot be brought at 09h00 on the Tuesday of the motion court week or at 9h00 on any other day of the motion court week, the

Senior Magistrate must be approached for suitable arrangements. The applicant in the founding affidavit must set out facts which justify the bringing of the application at a time other than 09h00 on the Tuesday or at 9h00 on any other day of the motion court week.

17.6 The aforementioned requirements are in addition to the applicant's obligation to set out explicitly the circumstances which render the matter urgent. In this regard it is emphasised that while an application may be urgent, it may not be sufficiently urgent to be heard at the time selected by the applicant.

17.7 The aforementioned practices will be strictly enforced by the presiding magistrate. If an application is enrolled on a day or at a time that is not justified, the application will not be enrolled and an appropriate punitive cost order may be made.

17.8 The first paragraph of relief sought in the applicant's notice of motion must be for the enrolment of the application as an urgent application and for the dispensing of the forms and service provided for in the rules of court, to the extent necessary.

17.9 Unless the circumstances are such that no notice of the application is given to the respondent, or unless the urgency is so great that it is impossible to comply therewith, the notice of motion must follow the format of [form 2 \(a\)](#) of the First Schedule to the rules of court and therefore must provide a reasonable time, place and method for the respondent to give notice of intention to oppose the application and must further provide a reasonable time within which the respondent may file an answering affidavit. The date and time selected by the applicant for the enrolment of the application must enable the applicant to file a replying affidavit if necessary.

17.10 Deviation from the time periods prescribed by the rules of court must be strictly commensurate with the urgency of the matter as set out in the founding papers.

17.11 In cases of extreme urgency, the reasonable time afforded to the respondent to give notice of intention to oppose, is usually not less than 2 hours, excluding the hour between 13h00 and 14h00.

17.12 If the facts and circumstances set out in the applicant's affidavits do not -
17.12.1 constitute sufficient urgency for the application to be brought as an urgent application and/or

17.12.2 justify the abrogation or curtailment of the time periods referred to in

the rule 6(5) and/or

17.12.3 justify the failure to serve the application as required in rule 4 the court will decline to grant an order for the enrolment of the application as an urgent application and/or for the dispensing of the forms and services provided for in the rule. Save for a possible adverse cost order against the applicant the court will make no order on the application.

17.12.4 The aforementioned requirements will be strictly enforced by the presiding magistrate.

17.13 When an urgent application is brought for the Tuesday at 09h00 the applicant must ensure that the relevant papers are filed with the clerk of the court by the preceding Thursday at 12h00.

17.14 The clerk of the court must ensure that the court files of all urgent application set down for the Tuesday at 09h00 are brought to the magistrate hearing the urgent applications by 16h00 on the preceding Friday.

17.15 The clerk of the court will prepare a roll in respect of the urgent applications to be heard on the Tuesday at 09h00. The clerk will publish the roll on the first floor in the main passage of the Magistrate Court by no later than 09h00 on the Tuesday.

17.16 Where an urgent application is brought for any other time than Tuesday at 09h00, the clerk of the court's office shall ensure that the court file is brought to the magistrate hearing urgent applications as soon as possible. The clerk of the court shall prepare a roll in respect of the urgent applications to be heard on the other days of the week. The clerk of the court will publish the roll on the first floor in the main passage of the Magistrate Court by no later than 09h00 on the day of the hearing.

17.17 Save in exceptional circumstances the applicant should not frame the relief sought in the form of a *rule nisi* which has in whole or in part interim effect. Where applicable the urgent relief should be sought pending the determination of the application.

17.18 Annexure A to this chapter is an example of the appropriate format of a notice of motion to be utilised in an urgent application.
