APP INSTALLATION INSTRUCTIONS

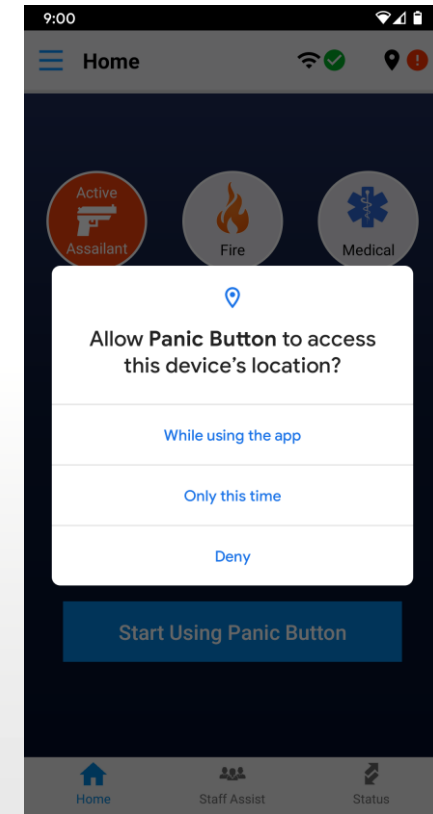

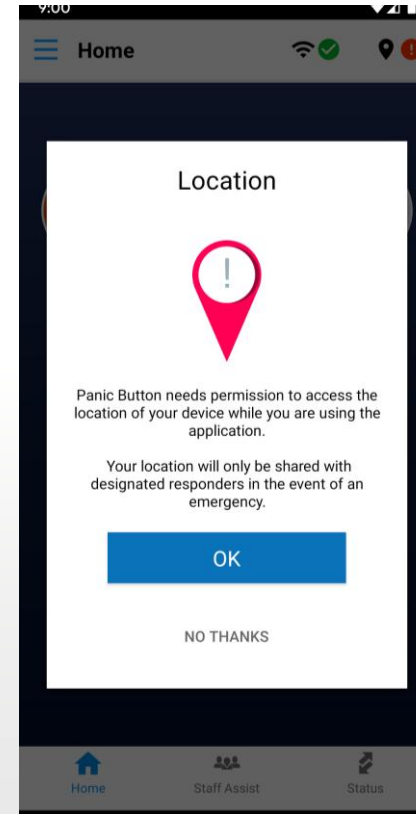

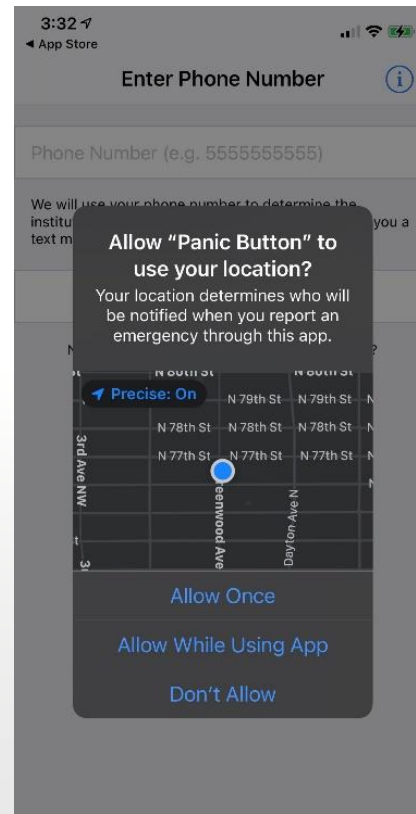

# RAVE PANIC BUTTON APP DOWNLOAD AND INSTALLATION INSTRUCTIONS

- The following are recommended steps to install the Rave Panic Button application on Apple and Android phones. Please note that the sequence of the steps can vary by make and phone, so your experience may vary slightly from the steps documented below.

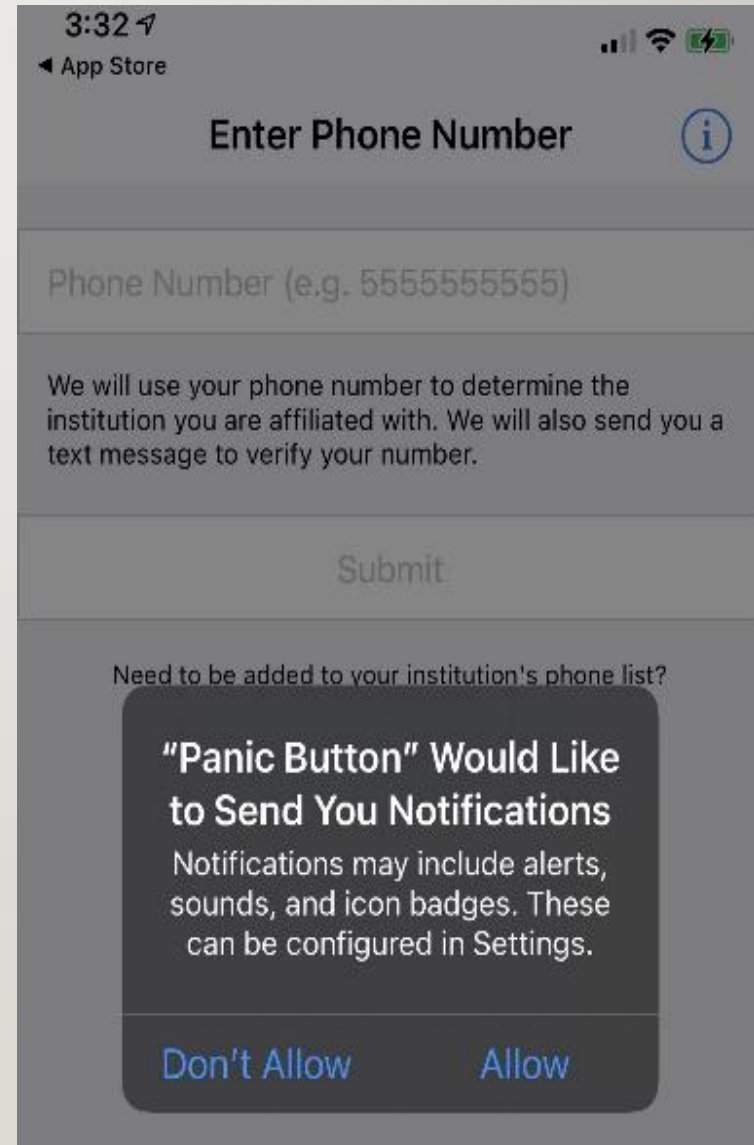

- 
- **Step 1:** Locate Rave Panic Button in the App Store/Google Play
  - For iPhone, search for Rave Panic Button in the App Store or go directly to <https://apps.apple.com/us/app/rave-panic-button/id899058806>
  - For Android, search for Rave Panic Button in Google Play or go directly to:  
<https://play.google.com/store/apps/details?id=com.ravemobilesafety.panicbutton>
  - **Step 2:** Download the Rave Panic Button app

- **Step 3:** Open the Panic Button app and select “Allow While Using App” (Apple) or “While using the app” (Android) in response to the question about using your device’s location.

- 
- **Step 4 (iPhone only):** Select “Allow” in response to “Panic Button Would Like to Send You Notifications.”

- 
- **Step 5:** Enter your 10-digit mobile phone number where indicated. Then press the “Submit” button. Note: Panic Button will not recognize your telephone number until you have been loaded into your organization’s system as a contact.

- 
- **Step 7:** Ensure that the “Success” screen displays and press the “Done” button.

You now have a fully functional version of Rave Panic Button which, when activated, will both dial 9-1-1 and initiate a Panic Button call if you are within or near any campus with which you are associated. **Note:** If you inadvertently press the Call 9-1-1 button and dial 9-1-1, do not hang up. Wait for the operator to answer and explain that you accidentally dialed.
